Aidan Lewis

Aidan was very instrumental in our Outdoor Rental Center’s (ORC) operations during the month of May. During a busy month both at work and academically, Aidan made himself available to help others and ensure our program kept moving forward. Aidan not only worked almost every day the ORC was open, but he also assisted in training new staff for the summer.

Aidan is a Senior in Kinesiology and Integrative Physiology. After graduation, Aidan would like to attend physical therapy school.

Congratulations Aidan!
