RECREATIONAL SERVICES

EMPLOYEE OF THE MONTH

KORY GOMEZ

Kory is an outstanding Building Operations Assistant. Kory stepped outside his comfort zone in March. He was willing to give up his spring break to out help in the facility wherever needed. Kory was asked to learn the tasks of an assistant building supervisor and excelled. Kory was a big reason why we were able to open the facility during the early morning hours during spring break, by stepping in to help. Kory also received several compliments from fellow employees and patrons for his customer service and his great attitude!

Kory enjoys working at the K-State Rec because he can work with others from all walks of life and enjoys meeting patrons every day.

Kory is a sophomore in Wildlife and Outdoor Enterprise Management. After graduation, Kory wants to work for a hunting outfitter and then own his own hunting guide service.

CONGRATULATIONS
KORY!
